Incident Scenario 1 – Unauthorized Access to Personal Health Information

Nurse A works in the emergency department of a hospital in Ontario. During her shift, she accesses the electronic medical record of her neighbor, who was admitted earlier that day following a minor car accident.

- Nurse A is not assigned to the patient.
- She is not involved in the patient's care.
- She accesses the record out of personal curiosity.
- She does not disclose the information to anyone.
- The patient later learns about the access through an audit log.
